

## Interactive Designer

### job type /

contract or full-time

### brief /

The ideal candidate is an independent thinker who translates original creative concepts into visual language, someone who knows how to collaborate with a team in order to develop a look, style and experience appropriate to the strategic direction, and someone with a strong sense of communication design, including interactive layout, typography and motion design.

### major duties and responsibilities /

- Communicate and work collaboratively with peers and clients; participate in working sessions and critiques
- Conceptualizing and designing solutions that meet or exceed strategic marketing objectives, while simultaneously engaging the end user
- Ensuring appropriate quality of any creative deliverables through technical implementation
- Participating in pitches by attending creative brainstorming sessions, preparing presentations, and using your marketing and technology expertise to assist business development

### technical skills required /

- At least two years working experience as a designer, one of which must have been in the interactive industry where you've worked directly with other designers, developers and management staff
- Outstanding portfolio that includes a variety of interactive media, including web, email, kiosk, wireless, etc
- Mastery of Photoshop and Illustrator
- Comprehensive working knowledge of Flash timeline animation, with basic understanding of Flash ActionScript
- Strong familiarity with the strengths and limitations of HTML/CSS design
- Understanding of information architecture and hierarchy, with some experience creating wireframe schematics
- Thorough understanding of interactivity and the web

### key competencies required /

- Detail-oriented and accountable for deadlines and quality of work
- Ability to interpret client's needs through gathered information
- Ability to work independently and within a team to meet deadlines
- Highly creative with an ability to generate effective marketing ideas both independently and as part of a team
- Able to articulate creative ideas in a collaborative group environment

If you are interested in applying for this position, please submit a Word or pdf document, which includes your resume and/or online portfolio with cover letter to [careers@goradii.com](mailto:careers@goradii.com). We appreciate the interest of all applicants, but only those who are selected for an interview will be contacted.
