

The extra mile. We walk it daily.

We're looking for a passionate, self-motivated, creative graphic designer who is willing to take that daily stroll with us.

You have a minimum of three years full-time experience with a communications design agency. You have a passion for design and culture, have a knack for problem solving and are able to manage multiple projects.

You love typography.

You must be deadline driven and organised in managing all details of your work. You are a good team player, have excellent communication skills and a positive professional attitude. You must be able to work well under pressure.

You have comprehensive knowledge of the latest InDesign, Photoshop, Illustrator, Dreamweaver and Acrobat. You are experienced in Web and print design, and have a great eye for detail in production control.

Please send your resume and samples of your portfolio in PDF format to:

designer@genesyscreative.com

We thank all respondents for their interest; however, only candidates selected for an interview will be contacted.

About Genesys Creative

Genesys Creative Inc. has been a branding and marketing communications design firm for 16 years. We like to do things a little differently.
